

# BUILDING A BETTER FUTURE FOR OUR COMMUNITY

In 2022...  
the Pet Food  
Pantry provided  
**16,000 lbs** of  
food to pet  
families in need.

- **Two separate lobbies** for adoptions and clinics, providing pets and guests with a smooth, welcoming atmosphere.
- Dignified and **private space** for staff to discuss pet retention options with pet owners whether through veterinary assistance, spay/neuter support, or access to the Food Pantry before surrendering the pet to the shelter.
- A larger, dedicated space for our **Pet Food Pantry**.
- **A Meet & Greet Room** for adopters to get to know their new friend in a quiet space.
- **Multipurpose Community Room** to accommodate various programs such as humane education visits, volunteer training, and community events.
